Description

The Danish Electrochemical Society (DEF) is organizing an annual two day conference on “Electrochemical Science and Technology”, which will be held the **1-2th of October, 2015**, at Copenhagen University, Department of Chemistry. The ambition of the conference is to foster an interdisciplinary interaction between students, researchers and industry professionals working in the broad area of ‘Electrochemical Science and Technology’.

Contributions covering developments in fundamental and applied research in electrochemistry and relevant experimental techniques are encouraged, primarily from PhD students and postdoctoral researchers.

The meeting will be held in English.
