Title	Electrochemical Science & Technology 2011
When	Thu, 29. September 2011
Created by	Super User

Description

Conference on Electrochemical Science and Technology

29-30 September- 2011

University of Southern Denmark

Niels Bohrs Alle1, Room AU

5230 Odense, Denmark

The Danish Electrochemical Society is organizing an annual two days conference on “Electrochemical Science and Technology”. The ambition of the conference is to foster an interdisciplinary interaction between students, researchers and professionals working in the broad area of ‘Electrochemical Science and Technology’. Another ambition of the conference is to reveal and link together the many different places in Denmark and Scandinavia using electrochemistry in the academic as well as the industrial world.

The conference will mainly focus on contributions from Ph.D. and Post-Docs as Oral or Poster presentation. There will be invited contributions from academic and industrial experts. The society welcomes all students to use the conference as a platform for evaluating their research on a wider perspective, and a training ground for scientific presentations and discussions.

There will be a social gathering as part of the conference on the first day evening to bring together participants in an informal atmosphere.

The Society is also planning to award a prize for student part of the presentations.

We welcome you all to Odense in September 2011.

Organising committee

- Eivind Skou, University of Southern Denmark
- Torben Lund, Roskilde University

- The board of the Danish Electrochemical Society

Organisation Timetable

- Deadline for abstract submission August 19th 2011
- Notification of abstract approval September 8th 2011
- Conference – 29th and 30th Sept. 2011

Topics

All subjects related to broad area of “Electrochemical Science and Technology”

Abstract submission

Authors are requested to submit abstracts before August 19th 2011.

Abstract MUST use the template of the Danish Electrochemical Society, which can be downloaded here <http://www.electrochemistry.dk/images/stories/DEF-template.doc>

The abstract should be written in English (UK). Proposed papers for oral or poster presentation will be selected by the organising committee. However, authors are requested to make their choice on the type of presentation (poster/oral) during abstract submission. The contributions from students do not need to be based on a completed research programme.

Schedule of the conference

The conference will last for two days. The event will start on the afternoon of September 29th with a symposium on: **“Energy Storage for future demands”**:

- Tejs Vegge, DTU-Risø: “Lithium-air batteries - potentials and challenges”
- Sten Yde-Andersen, IRD: “Development of PEM and DMFC fuel cells and their application in private and professional setups”
- Jan H. Hales / Leif Højslet Christensen, Danish Technological Institute: “Methanol driven Micro Fuel Cells for Hearing Aids”

After the symposium, there will be a conference dinner at [restaurant Kvægtorvet](#) in Odense.

On Friday, September 30th the conference will start with an invited lecture by Leif Nyholm, Uppsala University: **“Electrochemistry in detection and energy storage”**

Content of lecture:

- Electrochemical and mass spectrometric detection
- Electrochemical deposition of nanostructured materials for Li-ion batteries
- Paper-based composites for energy storage and biomolecular applications

Registration

Before September 15th to the ATV-SEMAPP,

www.atv-semapp.dk or by to Erling D. Mortensen, phone +45 45 25 46 30,

Please inform name, title, E-mail address, organization name and address, zip-no./town, phone no. of organization and invoice address.

- The Fee for Members of the Danish Electrochemical Society and the ATV-SEMAPP Society is DKK 1600.
- For students and PhD students: DKK 1100.
- For non-members the fee is: DKK: 2600.

Postal address - Abstract & registration

Abstracts and registration should be submitted to the Secretariat of the congress. Preferred submission is by email, but postal submissions are also accepted at the address:

ATV-SEMAPP

Produktionstorvet 424,

Technical University of Denmark,

DK 2800 Kgs. Lyngby,

Denmark

Att: Erling D. Mortensen

E-mail edmo@mek.dtu.dk

Phone: +45 45 25 46 30. Fax: +45 45 93 45 70

Please mark "Abstract for Electrochemical Science and Technology" in the title of email / letter

Language

The language for the conference is English.

Further information on the following web-addresses (Available from 1/9 2011):
